ABOUT QUEST MANUFACTURING CO.

Our Company

Quest Manufacturing Company is an established Enclosure & Rack manufacturer offering supply chain solutions to our distributors worldwide. Quest provides a stable source of competitively priced quality products for industries servicing installation of Networks; Telecommunications; Broadcast; Security Systems; Home Entertainment; MRO and OEM commercial and residential markets.

Our Products

Quest Manufacturing Company produces quality products for most installation requirements in our ISO 9001 factory, providing our customers best quality and value at a cost-effective price. Our product offering includes a wide selection of floor and wall mount racks and enclosures, as well as a complete line of enclosure accessories including: shelving; cable organizers; power distribution units; cooling fan units and more. Only the highest quality raw materials are used in the manufacture of Quests' metal line of products. In most cases cold-rolled steel is used in the manufacture of our products and our enclosures meet or exceed EIA-310D standards. Floor enclosures may be shipped fully assembled or to reduce customer shipping costs, are also available in knockdown shipping cartons.

Our Service

Quest Manufacturing Company is committed to world-class customer service, and our manufacturing philosophy is one of creative design and high-quality products. Quality starts with vast engineering resources, state-of-the-art equipment and exacting quality control procedures. The latest Computer Aided Design software is used to design all facets of our product line. Quest utilizes computer-controlled laser cutting and forming equipment in its manufacturing processes assuring precise fit and finish and is completely vertically integrated with machine-shops and proprietary electrostatic paint shop.

PRODUCT ASSURANCE

Enclosures, Racks & Accessories
(excluding electrical products)

QUEST FIVE YEAR WARRANTY

Quest Manufacturing Company warrants its metal fabricated products which include all enclosures, racks, shelves, wire management and rack accessories to be free from any manufacturing and/or material defects for a period of five years following delivery of original purchase.

Electrical Products

QUEST ONE YEAR WARRANTY

Quest Manufacturing Company warrants its rack electrical accessories which include all Power & Surge Strips, Power Distribution Units (PDU's) and Fan enclosures to be free from any manufacturing and/or material defects for a period of one year following delivery of original purchase.

This warranty will not extend to any product that has been subject to misuse, negligence, accident, improper installation, or used in violation of instructions; including but not limited to: electrical irregularities, lightning or power-line related damage, paint scratches or other unusual occurrences.

Quest Manufacturing Company's liability shall be limited to the repair and/or replacement of products and assumes no liability with respect to the use of the products including: merchantability or fitness for a particular use; assumes no liability for any consequential damages caused directly or indirectly by the use of its products or from any other cause if proven defective. This warranty extends to all Quest Manufacturing products.

1- To obtain a knockdown version Floor Enclosure, add a ‘K’ to the end of the part number.
2- Internal dimensions measure from front rails to back door. All 400 & 700 Series have an additional 2” usable space from rails to front door.
3- Knockdown Shipping Weight does not include weight of shipping pallet (approximately 60 lbs.)

400 Dual Locking Rear Doors

These locking vented split doors allow mounting of enclosures in tighter spaces closer to the wall.

400 Removable Bottom Panels

Three removable panels for easy access to raised floors or for mounting equipment directly on the floor.

400 Adjustable Cage Nut Rails

Includes adjustable cage nut rails and cage nuts with standard #12-24 mounting screws. All cage nut rails are marked with an RU space index for easy alignment when mounting equipment.

400 Dual Pre-Installed Cooling Fans

Pre-Installed 110VAC 80CFM fan units keep equipment running cool.

Shipping Options

ASSEMBLED | UNASSEMBLED

Available to ship already assembled out-of-box, or ship unassembled in knockdown cartons for additional cost savings. To obtain a knockdown version Floor Enclosure, add a ‘K’ to the end of the part number.

FE7119-45-02	45U	88”	23”	31”	79”	19”	27.5”	1400	253	220

1- To obtain a knockdown version Floor Enclosure, add a ‘K’ to the end of the part number.
2- Internal dimensions measure from front rails to back door. All 400 & 700 Series have an additional 2” usable space from rails to front door.
3- Knockdown Shipping Weight does not include weight of shipping pallet (approximately 60 lbs.)

710 Dual Locking Rear Doors

These locking vented split doors allow mounting of enclosures in tighter spaces closer to the wall.

710 Removable Bottom Panels

Three removable panels for easy access to raised floors or for mounting equipment directly on the floor.

710 Adjustable Cage Nut Rails

Includes adjustable cage nut rails and cage nuts with standard #12-24 mounting screws. All cage nut rails are marked with an RU space index for easy alignment when mounting equipment.

710 Dual Pre-Installed Cooling Fans

Pre-Installed 110VAC 80CFM fan units keep equipment running cool.

SHIPPING OPTIONS

ASSEMBLED | UNASSEMBLED

Available to ship already assembled out-of-box, or ship unassembled in knockdown cartons for additional cost savings. To obtain a knockdown version Floor Enclosure, add a ‘K’ to the end of the part number.

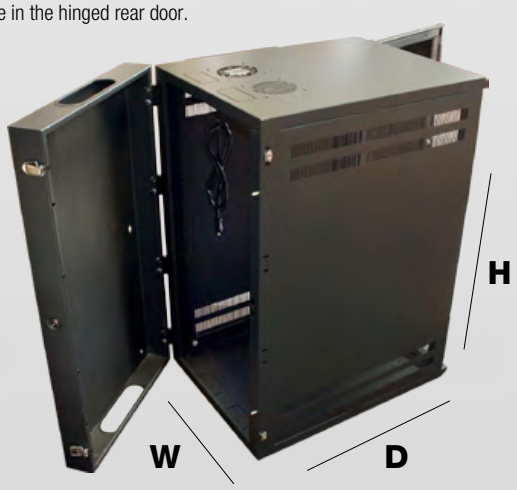
1- Internal dimensions measure from front rails to back door. All Wall Mount Enclosures have an additional 2" of usable space from rails to front door and all 300 Series Wall Mount Enclosures have an additional 3" of usable space in the hinged rear door.

300 Reversible Locking Front Door

Front locking door is reversible for left or right side opening.

300 Vented Fixed Side Panels

Vented fixed side panels for better air flow and equipment cooling.



300 Adjustable Cage Nut Rails

Includes adjustable cage nut rails and cage nuts with standard #12-24 mounting screws. All cage nut rails are marked with an RU space index for easy alignment when mounting equipment.

300 Swing-Out Locking Design

Swing-Out feature allows easy access to back of equipment with key lock to prevent tampering.

300 Pre-Installed Cooling Fans

Pre-Installed 110VAC 80CFM fan units keep equipment running cool.

300 Ships Fully Assembled

All 5U to 11U sizes are UPS shippable and ready for out-of-the-box installation.
